ABOUT US

Zhongshan Hongkong Electrical Appliances Co., Ltd. is located in Zhongshan, Guangdong, renowned as China's home appliance manufacturing base. Just one kilometer away from Xiaolan Intercity Rail Station, the company enjoys a complete industrial chain and convenient transportation and logistics.

We focus on integrated mold development, independent research and development, and mass production. Our main product is the intelligent window cleaning robot.

Founded in April 2005, we are a young and dynamic modern manufacturer with a confident and passionate team. Our core staff has many years of profound experience in the small home appliance industry. We have built a full-chain capability covering independent R&D, mold making, production and global marketing, and own a number of core technologies and patented intellectual property rights.

The company has obtained ISO9001 international quality system certification and passed BSCI social audit. Our products are certified with CQC, 3C, CB, CE, GS, ETL and other authoritative certifications, and we maintain in-depth cooperation with a number of well-known testing institutions.

Hongkong Electrical Appliances sincerely looks forward to establishing close partnerships with well-known brands at home and abroad, global wholesalers and supermarket chains for mutual benefit and win-win development.

Why Choose Us?

Precision Engineering

Emphasizing the Intelligent Glass Cleaning Robot in the manufacturing process to ensure high quality and performance.

Customization

Highlight the capability of customizing the Automatic Window Cleaner to meet specific customer requirements, including material specifications, dimensions, and packaging requirements.

Durable Materials

High-quality and durable materials are used in the manufacturing of the Window Cleaning Robot, ensuring its lifespan and wear resistance.

Support

Highlight your commitment to outstanding customer service, including technical support, maintenance guidance, and prompt responses to customer inquiries.

Product Parameters

Power Adapter Input:100-240V/50-60HZ
Power Adapter Output:24V/3.75A
Length of AC Power Cord: 1.2M Length of DC Power Cord:4M Length of Safety Rope:4M
UPS Battery:14.8V
UPS Battery Life when Power off: About 20MIN
Product Dimensions: 295*165*130 mm
Single Package Dimensions: 300*230*168 mm
Single Package Weight:1.2 kg
Outer Carton Dimensions (6pcs/ctn):475*310*340 mm
Gross Weight per Carton: 8.4 kg

Product Features

- 3200Pa Strong Suction, Firm Adsorption
- Dual Nozzle Spray, Deep Decontamination
- Intelligent Automatic Path Planning
- Multi Anti-fall & Power-off Protection
- Remote Control & APP Dual Control
- Full Edge & Corner Cleaning Without Dead Ends
- Streak-free Cleaning, Crystal Clear
- Ultra-thin Design, Fits All Glass Types
- Low Noise & Easy Operation
- User Replaceable Battery, EU 2023/1542 Compliant

Product Parameters

Power Adapter Input:100-240V/50-60HZ
Power Adapter Output:24V/3.75A
Length of AC Power Cord: 1.2M Length of DC Power Cord:4M Length of Safety Rope:4M
UPS Battery:14.8V
UPS Battery Life when Power off: About 20MIN
Product Dimensions: 295*165*130 mm
Single Package Dimensions: 300*230*168 mm
Single Package Weight:1.2 kg
Outer Carton Dimensions (6pcs/ctn):475*310*340 mm
Gross Weight per Carton: 8.4 kg

Product Features

- 3200Pa Strong Suction, Firm Adsorption
- Dual Nozzle Spray, Deep Decontamination
- Intelligent Automatic Path Planning
- Multi Anti-fall & Power-off Protection
- Remote Control & APP Dual Control
- Full Edge & Corner Cleaning Without Dead Ends
- Streak-free Cleaning, Crystal Clear
- Ultra-thin Design, Fits All Glass Types
- Low Noise & Easy Operation
- User Replaceable Battery, EU 2023/1542 Compliant
